REQUEST FOR SEPTIC TANK ABANDONMENT

\$200 for abandonment

\$100 if a reinspection is required

Applicant Name: _____

Property Address: _____

Parcel Number: _____

Phone Number: _____ Alternate Phone Number: _____

Contractor: _____ Phone Number: _____

Owner Signature (permission to complete abandonment)

Date

Arizona Administration Code R18-9-A309D

- Septic tank must be pumped by a licensed septic tank pumper. The receipt must be submitted with the request for abandonment,
- All electrical and mechanical components should be disconnected and removed,
- The septic tank top must be removed or collapsed,
- The bottom of the septic tank must have a hole punched into it if it is below the seasonal high groundwater table,
- The tank must be filled with earth, sand, gravel, concrete, or other approved material,
- An inspection and green tag is required before covering
- The area must be regarded so that the surface drains away from the closed area.

Request for Inspection: (Once septic has been abandoned)

I (print) _____ do hereby acknowledge that the above addressed septic tank has been abandoned in compliance with the Arizona Administration Code R18-9-A309D.

Contractor Signature: _____

Please return completed form (or fax) to the La Paz County Waste Water Division with all pumping receipts at least 24 hours prior to the requested inspection date. Inspections shall be performed Monday – Thursday from 7:30 am to 4:00 pm. Abandonment Requests submitted on Thursdays shall be inspected the following Monday.
